

Attaching Your Back Tag

*Thank you for requesting a Certificate of Authenticity and for collecting this work.
A signed back tag is enclosed—please attach it to the wood frame as shown
below.*

WHAT'S IN THE BAG

Back tag
Signed label strip

Q-tips
For glue & cleanup

Craft Bond
Elmer's glue stick

WHERE IT GOES

HOW TO ATTACH

- 1 Turn the painting face-down on a clean, soft surface.
- 2 Find the bottom-right corner of the wood frame (stretcher bar) on the back — not the canvas fabric (it may overlap the canvas slightly).
- 3 Use a Q-tip to spread a thin, even coat of Elmer's Craft Bond on the back of the tag (no blobs).
- 4 Press the tag onto the wood frame at the bottom-right, straight and flat. Hold a few seconds.
- 5 Wipe any squeeze-out with a clean Q-tip. Let dry fully before hanging or shipping.
