WHERE IT GOES

HOW TO ATTACH

- 1 Turn the framed piece face-down on a clean, soft surface.
- 2 Find the bottom-right corner of the frame backing (the board on the back), just inside the frame edge.
- 3 Use a Q-tip to spread a thin, even coat of Elmer's Craft Bond on the back of the tag (no blobs).
- 4 Press the tag onto the frame backing at the bottom-right, straight and flat. Hold a few seconds.
- 5 Wipe any squeeze-out with a clean Q-tip. Let dry fully before hanging or shipping.
